Le long du Rhône (Ardèche Hermitage Tourisme)

This section of the ViaRhôna cycling trail goes along both terraced vineyards and orchards. The first part in Ardèche, as you come from Lyon, shows how the Rhône river supplies different farming land whether it be the culture of fruit trees, market gardening or vineyards where Saint-Joseph is King. When you arrive in Tournon sur Rhône follow the temporary trail signs to continue. At the dam south of Tournon sur Rhône the track heads to the village of Glun. Discover the unusual marsh around the village of la Roche de Glun with its fascinating, characteristic biodiversity.
